This formulary was updated on 10/01/2025. For more recent information or other questions, please contact CenterLight Healthcare PACE at 1-833-252-2737 (TTY users should call 711), 8AM -8PM, Monday to Friday, or visit www.centerlighthealthcare.org.

CenterLight Healthcare Program of All-Inclusive Care for the Elderly (PACE) 2025 Formulary (List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 00025206, Version 16

Note to existing participants: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means CenterLight Healthcare PACE. When it refers to “plan” or “our plan,” it means CenterLight Healthcare PACE.

This document includes the list of the drugs (formulary) for our plan which is current as of October 1, 2025. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2026, and from time to time during the year.

What is the CenterLight Healthcare PACE Formulary?

A formulary is a list of covered drugs selected by CenterLight Healthcare PACE in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. CenterLight Healthcare PACE will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a CenterLight Healthcare PACE network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please contact us.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled "How do I request an exception to the CenterLight Healthcare PACE's Formulary?"
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our Formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to participants who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. we may add a generic drug that is not new to the market to replace a brand-name drug currently on the Formulary, or add new restrictions to the brand-name drug. Or we may make changes based on new clinical guidelines.

If we remove drugs from our Formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the CenterLight Healthcare PACE's Formulary?"

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those participants taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for January 1, 2026. To get updated information about the drugs covered by CenterLight Healthcare PACE please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents." If you know what your drug is used for, look for the category name in the list that begins on I-1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page I-1. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

CenterLight Healthcare PACE covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** CenterLight Healthcare PACE requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from CenterLight Healthcare PACE before you fill your prescriptions. If you don't get approval, CenterLight Healthcare PACE may not cover the drug.
- **Quantity Limits:** For certain drugs, CenterLight Healthcare PACE limits the amount of the drug that CenterLight Healthcare PACE will cover. For example, CenterLight Healthcare PACE provides 180 per 30 days per prescription for Endocet oral tablet 10-325 mg. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, CenterLight Healthcare PACE requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, CenterLight Healthcare PACE may not cover Drug B unless you try Drug A first. If Drug A does not work for you, CenterLight Healthcare PACE will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page I-1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask CenterLight Healthcare PACE to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the CenterLight Healthcare PACE's formulary?" on page vi for information about how to request an exception.

What are Over the Counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. CenterLight Healthcare PACE pays for certain OTC drugs. CenterLight Healthcare PACE will provide these OTC drugs at no cost to you.

Below is a list of OTC categories covered by CenterLight Healthcare PACE. Note, however, that we may not cover all items in each category. Speak with your Interdisciplinary Team (IDT) if you have questions.

Antihistamines	Salicylates
Decongestants	NSAIDs
Antitussives	Vit B
Laxatives	Multi vitamins
Antidiarrheal, probiotics	Calcium
Antacid	Irons
H-2 Antagonist	Ophthalmic (tears)
Digestive	Otics (Debrox)
Gastrointestinal- motility	Antifungals- topical
Vaginal anti-infective	Topical antiseptic cleansers
Gi Misc. Acidifiers	Antiflatuants (gas X)

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact the Service Coordination Team and ask if your drug is covered.

If you learn that CenterLight Healthcare PACE does not cover your drug, you have two options:

- You can ask the Service Coordination Team for a list of similar drugs that are covered by CenterLight Healthcare PACE. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by CenterLight Healthcare PACE.
- You can ask CenterLight Healthcare PACE to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to CenterLight Healthcare PACE's Formulary?

You can ask CenterLight Healthcare PACE to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, CenterLight Healthcare PACE limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, CenterLight Healthcare PACE will only approve your request for an exception if the alternative drugs included on the plan's formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.**

Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing participant in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a participant of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (or 31 days if you reside in a long term care facility). If your prescription is written for fewer days, we'll allow refills to provide up to

a maximum 30-day supply (or 31 days if you reside in a long term care facility) of medication. After your first 30-day (or 31-day if applicable) supply, we will not pay for these drugs, even if you have been a participant of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Transition Policy

New participants in our plan may be taking drugs that aren't on our Formulary, or that are subject to certain restrictions, such as prior authorization or step therapy. Current participants may also be affected by changes in our Formulary from one year to the next. Participants should talk to their doctors to decide if they should switch to a different drug that we cover or request a Formulary exception in order for the drug to be covered. Please contact Participant Services if your drug is not on our Formulary, is subject to certain restrictions, such as prior authorization or step therapy, or will no longer be on our Formulary next year, and you need help switching to a different drug that we cover or requesting a Formulary exception.

During the period of time participants are discussing with their doctors to determine the right course of action, we may provide a temporary supply of the non-Formulary drug if those participants need a refill for the drug during the first 90 days of new membership in our Plan. If you are a current participant affected by a Formulary change from one year to the next, we provide you with the opportunity to request a Formulary exception in advance for the following year.

When a participant goes to a network pharmacy and we provide a temporary supply of a drug that isn't on our Formulary, or that has coverage restrictions or limits (but is otherwise considered a "Part D drug"), we will cover a 30-day supply (unless the prescription is written for fewer days). After we cover the temporary 30-day supply, we generally will not pay for these drugs as part of our transition policy again. We will provide you with a written notice after we cover your temporary supply. This notice will explain the steps you can take to request an exception and how to work with your doctor to decide if you should switch to an appropriate drug that we cover. If a new participant is a resident of a long-term care facility (such as a nursing home), we will cover a temporary 31-day transition supply (unless the prescription is written for fewer days).

Please note that our transition policy applies only to those drugs that are "Part D drugs" and dispensed at a network pharmacy. The transition policy doesn't apply to a non-Part D drug or a drug at an out-of-network pharmacy.

CenterLight Healthcare PACE Formulary

The formulary below provides coverage information about the drugs covered by CenterLight Healthcare PACE. If you have trouble finding your drug in the list, turn to the Index that begins on page I-1.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., *levothyroxine*).

The information in the Requirements/Limits column tells you if CenterLight Healthcare PACE has any special requirements for coverage of your drug.
